

Teacher Feedback Analysis 2021-22

1) Curriculum and Syllabus are need based

21 responses

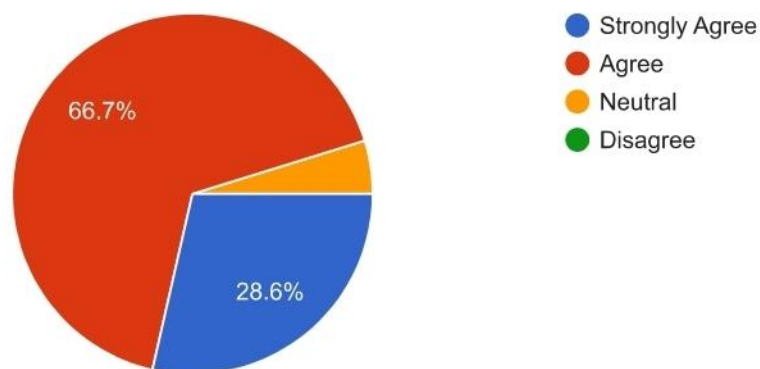

Fig 3.1

The career oriented syllabus and curriculum is quite helpful for the students to find out an employment soon after their graduation. Around 96% of the teachers are agreed that the syllabus and curriculum are need based.

2) The Course outcomes are well defined and clear

21 responses

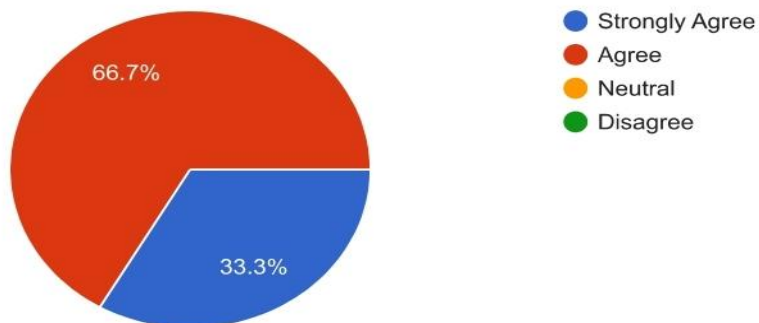

Fig 3.2

When the course outcomes are not clear then the teachers will not be in a position to deliver their duties, which in turn severely affects the end receivers that is students. As per the above figure 3.2, all the teachers agree that the present outcomes are well defined and clear

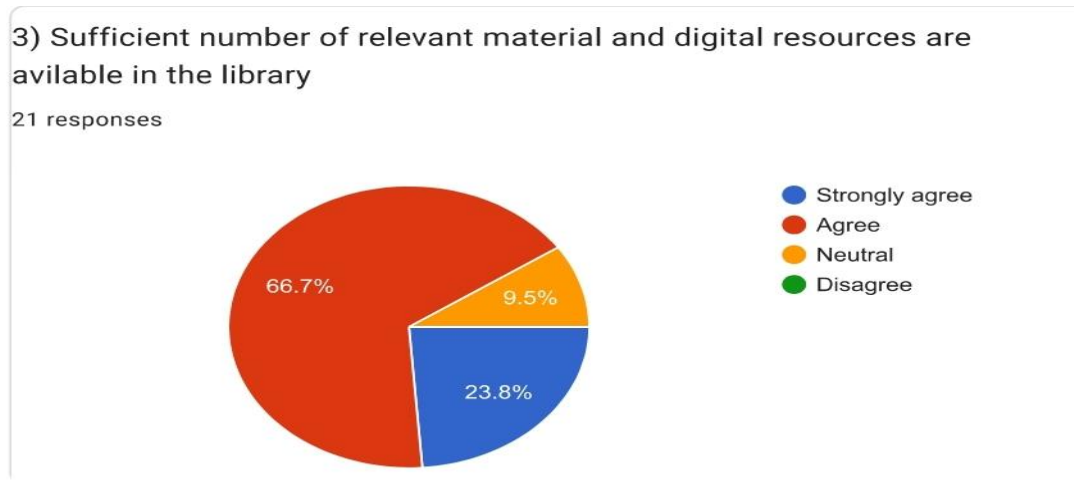

Fig 3.3

The above figure 3.3 depicts that most of the teachers strongly believe that the college library consists of sufficient text books, magazines, periodicals, competitive books and news papers are available for the teachers and students.

4) The course has good balance between theory and application

21 responses

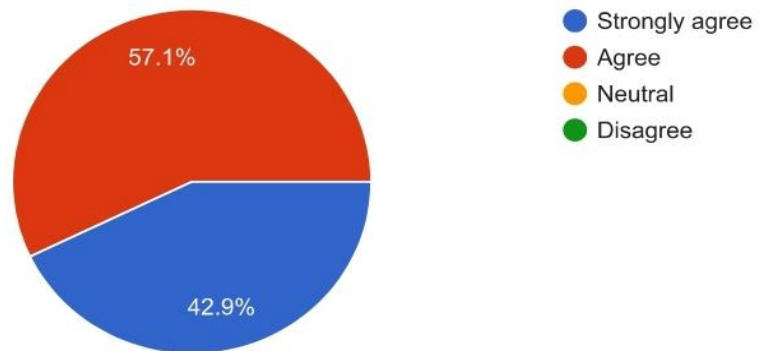

Fig 3.4

All the teachers (100%) agree that the course has a good balance between theory and application, as theory alone is not sufficient to educate the students. Science groups have spacious laboratory facilities and arts groups inculcate sufficient ICT and societal application methods.

5) The syllabus of this course increased my knowledge and perspective in the subject area

21 responses

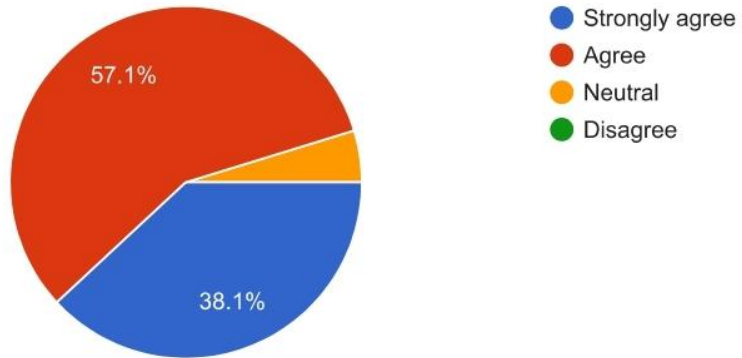

Fig 3.5

Around 95% of the teachers agreed that the course curriculum increased the outlook towards the subject area and also enhanced the knowledge level.
