

## BEST PRACTICES

### 1. Title of the Best Practice:

**CHAITHANYAM** – A Motivational Awareness Program by the students to develop community eco-friendliness among students and public.

**Chaitanyam**, is one of the best practices of Government Degree College, Naidupet through which the students are motivated for establishing community service activities with eco-friendly background. This practice helps the students to improve their courage and confidence to face the challenges of life. Several life skills will be sharpened through these activities. Ultimately students will understand their roles and responsibilities as a social being.

### 2. Objective of the Practice:

- To motivate students towards community development activities.
- To create awareness about cleanliness of the campus as well as its surroundings
- To promote good habits regarding health and hygiene among students as well as the public
- To make the students socially responsible.

The practice was systematically designed to enhance social skills in three ways.

1. *Plastic Free day on Monday.*
2. *Health and Hygiene on Wednesday.*
3. *Clean and Green of Campus and Outside Campus on Saturday.*

*Plastic free day on Monday:* - the main motto of this activity is to create awareness among public about the hazards of **plastic pollution**. Student's participation of these activities enhances their social skills, team building skills and communication skills.

*Health and Hygiene on Wednesday:* Students involved in community service, by planning visits to nearby habitations and aware the public on topics like health and hygiene. They inculcated good habits regarding health and hygiene in slum areas surrounded by Naidupet.

*Clean and Green of campus and outside campus on Saturday* – This activity focuses on campus clean and green and is being conducted on every Saturday regularly. These activities help to make the students more conscious of the importance of cleanliness. Through these activities the students create awareness about cleanliness in the surrounding localities also.

### 3. **The Context:**

The institute decided to make students with all round developed personalities. At this context they are well motivated to extend their helping hand for community uplift through extension activities.

#### **Practice:**

The Department of Physics initiated to make every Monday as a **Plastic free day** in the college campus. On Monday, all staff members and students keep the college premises plastic free. The students distributed pamphlets on hazards of plastic wastage, in nearby habitations and awarded them about the consequences of plastic pollution.

The Women Empowerment Cell along with the Science Departments conducts every Wednesday as **Health and Hygiene Day**. They provide guidance and counseling on personal health and hygiene for students. The students also make visits to nearby slum and aware the inhabitants about the importance of clean surroundings. As per the instructions from CCE, our MBC students participated in community service projects, based on health and hygiene.

The NSS unit of our college has conducted **Clean and Green** on every Saturday. On that day the students clean the entire college premises. The solid waste was posted into the vermin compost pit and kept for preparing compost, which is later used for plants in our college garden. The students clean the roadside waste and dump it in one area, making it easy for the municipality.

### 5. **Evidence of Success:**

**CHAITHANYAM** practice has created a positive impact on both the institution as well as the community. A strong linkage between the community and the college has been formed. The programmes conducted by Chaitanyam were extremely successful and there was a positive response from students and the public. Chaitanyam contributed overall development of the students.

The Plastic Free Day, Health and Hygiene, and **Clean and Green practice** have been strictly following on their respective days by all the staff and students.

### 6. **Problems encountered and resources.**

- Financial allocations for such programs are limited.
- Consistent motivation for students has been a hurdle.
- Community support has been hard to attain in some areas.
- The program should be friendly based rather than mandatory.

## **II. Title of the Best Practice II:**

### **CHEYOOTHHA - A Helping Hand for Students**

**CHEYOOTHHA** is another initiative where the faculty raised a helping hand for students to those who are unable to afford for higher education and for girl students who gets married and have a zeal to achieve a goal in their life.

### **2. Objective of the Practice:**

- To inculcate “Earn while you Learn” method among students.
- To impart self employment attitude in students.
- To provide free coaching for PG entrance and Competitive Examinations.
- To instill courage and to built confidence in students to face the challenges of life.

### **3 The Context:**

The practice of Cheyoota consists of two activities.

- Earn while you earn.
- Free coaching.

The institution encourages students by providing financial assistance to some students on need base. The WEC conducted some activities related to self-employability .Students were very much enlightened related to self employability. Students gained the knowledge of preparing doormats in recycling method.

Free Coaching for PG Entrance and Competitive Examinations; The institution encourages several coaching program for PG Entrance and competitive examinations.

Earn while learn is a practice where the students can acquire life skills.

### **4. Practice**

Women Empowerment Cell initiated **Earn while Learn** program as its best practice. Students collect unused cloths, and prepare doormats, table cloths and wall hangings with their creative talent. They make beautiful articles with color papers and unused waste materials and also beautiful flower bouquets with locally available natural flowers. This type of craft work will help them in future as self employability. Most of the faculty members motivate students for higher studies and for competitive exams. Coaching is given in extra time either in the morning or in the evening by the faculty.

4. Evidence of Success:

**CHEYOOTHA** is a practice which helps economically backward students of Government Degree College Naidupet.

6. Problems encountered and resources:

- Financial allocations for such programs are limited.
- Consistent motivation to students has been a hurdle
- Covid conditions disturbed the practice a lot.
- if the students have holidays the garden may be damaged.
- Sponsors are very less.
