- He discussed the concept of Input Tax Credit (ITC) and how it streamlines the supply chain, ultimately leading to lower costs for the end consumer.
- He also highlighted the transparency brought by GST, making it easier for consumers to understand the tax component of their purchases.
- Students were encouraged to be vigilant consumers and check their invoices for the correct application of GST rates.

Interactive Session and Conclusion

The Programme included a lively Q&A session, allowing students to pose their queries on various aspects of GST, including its impact on specific sectors, the process of registration, and recent amendments. Dr. Narasimhulu and Dr. Sriramulu expertly addressed all questions, ensuring conceptual clarity among the audience.

The event concluded with a vote of thanks delivered by a student representative, acknowledging the efforts of the Commerce Department, the Principal, and the esteemed speakers for making the programme resounding success.
